Welcome To Kusadasi, Turkey

Kusadasi, which means “bird island”, is situated on the west coast in the gulf of the Aegean region of Turkey. The ruins of ancient Ephesus are located approximately 8 miles from Kusadasi.

A trip to Ephesus is a must. It’s the best-preserved ancient city in the Eastern Mediterranean and a magical place that entralls even those who normally find rubbernecking around ruins a bore.

Visit the House of the Virgin Mary, located atop Nightingale Mountain (Bulbul). It’s a humble, one-story brick house that, by myth, is supposed to be the place where she spent her last years. Discovered in 1880 by a German nun with a vision, the house has been visited by countless folks on pilgrimages, including two popes.

Sometimes included with an Ephesus tour is an excursion to the Basilica of St. John. Many believe that St. John spent his last years near Ephesus and was buried in the area. The small church built over his grave site in the 4th century was turned into a basilica in the 6th century.

To discover “old” Kusadasi, just head north along the shop-lined and pedestrianized main street (Barbaros Hayrettin Caddesi), and when you reach the top, it’s easy to get directions to the main market and the ancient Kaleici neighborhood. It’s a network of narrow streets crammed with bars, restaurants and atmosphere. You can even sample a hamam, or Turkish bath.

AN OVERVIEW OF KUSADASI

Kusadasi, which means 'bird island,' is set in a gulf in the Aegean region of Turkey and known for its turquoise sparkling water, broad sandy beaches, bright sun and large marina. A glorious ancient city stands beside it, Ephesus with hundreds of thousands of visitors each year. Numerous discos, bars, cafes, pubs and hotels line its shores and hundreds of restaurants serves food from all around the world with of course, Turkish Cuisine.

Ephesus is said to be the best-preserved ancient city in the Eastern Mediterranean and the Virgin Mary is believed to have visited there between 37 and 45 A.D. The two-story library once contained thousands of scrolls, and the Terrace Houses display intricate mosaics and colorful frescoes. The fabulous Temple of Cybele at Artemis – which Alexander the Great visited during its construction in 334 B.C. – was one of the seven wonders of the ancient world.

Kusadasi's population of less than 65,000 people climbs to over half a million during peak months of its major industry, which is tourism. With a history dating back to 3,000 BC, and area highlights that include the magnificent ancient city of Ephesus, it isn't any wonder why so many people come to visit this Aegean coastal town.
